Technical Project Manager | C-Suite Partner | Agile Practitioner | Scrum Master | Scaled AI/ML Platform Development | Solution Consulting | $500M Portfolio Practice | Delivered 5+ AI Patents | 2x AI Deployment | Talent Mentor | Ex-Cognizant

Products: *Application Development - DevOps - Observability*

LinkedIn Recommend

SUMMARY

A Transformative Technical PMO with over 20+ years of expertise in revolutionizing delivery ecosystems, engineering AI/ML factories and implementing high-maturity PMO practices for top tier technology firms. A strategist for large-scale platform transformations, re-architecting observability systems, cloud-native frameworks & building future-ready ecosystems that integrate technology, business strategy and organizational transformation enabling multi-million-dollar portfolio growth

PROJECT OVERVIEW

- **Project Models:** 3+ Application Development, 6+ Greenfield Development, 2+ Platform Engineering, 6+ Enterprise Pilots,3+ Digital Transformation,8+ Product Innovation,2+ Application Enhancement, Transition, 2+ Managed Support,1 AI/ML Platforms,2+ MLOps Solutions,3+ Cloud Native Transformation,4+ Application Lifecycle,6+ Enhancement & Sustainment
- **Methodology:** Agile Delivery, Scrum Frameworks, Kanban Practices, Waterfall Governance, Hybrid Models
- **Project Portfolio Size TCV:** Started with $50M; Now Managing $500M with 29+ Accounts.
- **Products:** Computer Vision, Audio Deepfake, Crowd Sourcing Platform, AI/ML Factory.
- **Clients:** Department of Defence - USA, County Office - DC, Department of Agriculture, NOVA.
- **Stakeholders:** AttainX, Innovation Labs, Product Leadership, Global Operations, Engineering & QA, DevOps, Data Science Units
- **Project Roles:** Program Leadership, Project Management, Technical Ownership, Product Delivery Management
- **Team Size:** Scaled from 6 - 50+FTE's Globally.
- **Geography:** India, US, Europe

EDUCATION & CERTIFICATIONS

- **Executive Program in** Agentic AI & Product Management — **Major:** AI & PM
  University: Indian Institute of Technology, Patna - **IIT** — **Year: 2026**
- **Graduate:** Bachelor of Engineering **(B.E)** — **Major:** Mechanical Engineering
  University: BITM, Gulbarga University, Ballari — **Year:** 1997 - 2001
- Certified in **AI & Agility** by Scrum Alliance, 2024
- Completed **Agile Job Simulation** with JP Morgan Chase & Co, 2023
- Accredited with a **Project Management Certificate** from LearnTube | CareerNinja, 2025

ACHIEVEMENTS

- Recognized with **Best Innovation of the Year award** for developing a RAG based tool for RFIs.
- Honored for leading the **highest number of innovation lab projects** driving enterprise adoption.
- Achieved **top monthly sales performance** at Lorven EarthLink Pvt. Ltd through strategic business growth.
- Commended for excellence in establishing a **global subcontracting process** for Marketo streamlining delivery operations.
- One of the core panels in getting Accreditation for **CMMI3** with 98% clean audit report.

PMO TECHNIQUES

SAFe Agile, Lean Six Sigma, SWOT Analysis, GTD - Getting Things Done Method, WBS-Work Breakdown Structure, Gantt Charts, CPM-Critical Path Method, PERT-Program Evaluation and Review Technique, APF-Adaptive Project Framework, PMBOK, Scrum, SAFe, Kanban

CORE EXPERTISE

- Strategic Program Leadership
- Project Road mapping
- Large Program Delivery
- Technical Project Management
- PMO Framework Implementation
- Portfolio Governance
- Agile & Hybrid Delivery
- AI/ML Platform Management
- DevOps Integration
- MLOps & Cloud Native Solutions
- Risk RAID & Compliance Control
- Process Re-engineering
- Automation
- Budgeting

TECHNICAL TOOLS

AI/ML, Cloud Architecture, Power BI, Salesforce, Clarizen, Datadog, Prometheus, Grafana, Fluentbit, Jaeger, Azure DevOps / Boards, Kubeflow, MLflow, KServe, Hugging Face, AWS, Kubernetes, EFK / OpenTelemetry,n8n, emergent, replit, Lovable

LEADERSHIP TRAITS

- Business Acumen
- Technical Leadership
- Data Driven
- Attention to detail
- Critical Thinking
- Solution Oriented
- Cross-Functional Collaborator
- Stakeholder Engagement
- People Management

PROFESSIONAL EXPERIENCE

ATTAINX, INC (PAYROLL MEDAS)

AUG 2022 - JUN 2025

PROJECT MANAGER - R&D INNOVATION LAB

BENGALURU, INDIA

Handpicked by leadership to operationalize the enterprise PMO practice while scaling a nascent R&D Innovation Lab transforming into a $500M AI/ML practice across 29+ enterprise accounts in North America, India, Europe

LEADERSHIP INITIATIVES

- **Executive Advisory:** A strategic advisor to the executive leadership team on establishing an enterprise-wide **PMO framework** embedding portfolio governance, risk controls, delivery standards across **29+** global account improving portfolio transparency by **40%** & reduced delivery overruns by **25%.**
- **Techno-Commercial Leader:** Instrumental in defining **LRSP, AOP & Delivery** roadmaps establishing a **360-degree capability model** integrating product development, DevOps, and Observability transforming a regional practice into a **$500M** portfolio spanning **Department of Defense, USDA, government** agencies.
- **Enterprise PMO Governance**: Centralized the foundational **PMO practice** from ground zero standardizing documentation, reusable templates, playbooks, SOPs, use cases that reduced project initiation cycles by **40%**.
- **Financial Insights:** Designed a **Birdseye-view Forecasting dashboard** providing metrics on Active Clients, Opportunity Size and Resource Estimation & identified margin uplift/upsell opportunities contributing to additional revenue streams.
- **Talent Pipeline Development:** Ideated "**Intern-Employee**" program to recruit from top-tier institutes providing on-job training and conversion to full-time roles reducing attrition and saving **$300K** in resource costs.

TECHNICAL PROJECT DELIVERY INITIATIVES

- **Regulatory Compliance:** Institutionalized enterprise-wide **RAID management and compliance** frameworks embedding risk, action & dependency governance enabling **98%** audit success in achieving **CMMI Level 3** accreditation.
- **Technology Modernization:** Spearheaded comprehensive **IT infrastructure assessment** and led the design of an omnichannel **AI Factory** that reduced operational costs by **35%** while accelerating innovation velocity.
- **AI/ML Platform (Patent Pending):** Orchestrated the delivery of a proprietary MLOps platform ("AI Factory") & accelerated **POC** cycles from **8 to 2** weeks boosting team productivity by **30%** positioning the organization as a trusted **AI/ML** innovation partner
- **AIOps & Observability Platform:** Directed the architecture and rollout of an **AI-enabled** observability system automating anomaly detection and RCA workflows safeguarding data and controlling cloud TCO by **19%**
- **AI-Powered Grading Platform:** Led the design, delivery and regulatory integration of a computer-vision system for the USDA demonstrating leadership in scaling AI for **mission-critical use cases** & replaced manual processed improving grading consistency by **97%.**
- **RFI Response Engine:** Built a **RAG-based AI Compute** Engine automating custom proposal generation aligning organizational capabilities, technical stack, and compliance policies reducing response time by **87%** (**8 hours to 1 hour**) & improved win rates by **23%**.
- **HR Automation:** Partnered with **CHRO** to design and deploy UiPath **3** intelligent RPA bots integrating with ADP portal for monitoring & flagging suspicious entries and automated reminder workflow saving **1440+** man hours annually & improved timesheet accuracy to **98%**.
- **AI Flex Maintenance:** Automated the Infrastructure Lifecycle Management by deploying a modular agent-based platform & automated GPU cluster for **AI/ML** workloads reducing manual interventions by **65%** & saving **$95K** quarterly.
- **Vizle Incident Management App (Patent Pending):** Directed E2E design and commercialization of an **AI-powered incident management SaaS application** & managed critical roadblocks to deliver an MVP in **16 weeks** and generating a **$4.2M** qualified pipeline positioning it as a **flagship enterprise solution**.

CODEMARKS ENTERPRISES PRIVATE LIMITED

MAR 2021 - AUG 2022

BUSINESS LIAISON CONSULTANT

BENGALURU, INDIA

Hired to bridge technology delivery with business strategy & launching AI/ML and blockchain initiatives while identifying new revenue channels to strengthen market positioning

LEADERSHIP INITIATIVES

- **University & Industry Partnerships**: Forged strategic alliances with top universities and tech institutes to design an AI/ML and blockchain learning ecosystem enabling 500+ engineering students for industry-ready roles.
- **Business Engagement Optimization**: Redesigned **engagement frameworks** to align client requirements with digital solution roadmaps, accelerating pilot project time-to-market by **30%**.
- **L&D Innovation:** Significant contribution towards launch of a first of its kind **skill development platform** for emerging technologies (blockchain, AI/ML) using creating a sustainable talent pipeline and increasing student placement rates by 40%.
- **Revenue Growth:** Identified and converted **high-value business opportunities** through targeted marketing initiatives and digital offerings contributing **$2.5M** in incremental top-line revenue.
- **Cross-Functional Enablement**: Established **liaison mechanisms** between core delivery teams like product, delivery, client teams enhancing collaboration and reducing project delivery bottlenecks by **25%.**

EARLY CAREER

- **MEDAS CONSULTANCY SERVICES PVT LTD (CLIENT: ATTAINX, INC)** — **AUG 2022 - JUN 2025**
  Project Manager (Innovation Lab) — Bengaluru, India
- **CODEMARKS ENTERPRISES PRIVATE LIMITED** — **MAR 2021 - AUG 2022**
  Business Liaison Consultant — Bengaluru, India
- **LORVEN EARTHLINKS PRIVATE LIMITED** — **AUG 2018 - FEB 2021**
  Area Manager — Bengaluru, India
- **SKHEMA** — **JAN 2017 - JUL 2018**
  Business Development Consultant — Bengaluru, India
- **PENTAUR TECHNOLOGIES** — **JAN 2014 - OCT 2016**
  Senior Administrator - Sales Ops — Bengaluru, India
- **COGNIZANT TECHNOLOGY SOLUTIONS** — **DEC 2003 - DEC 2014**
  Team Coordinator & Trainer — Bengaluru, India
- **HINDUJA GLOBAL SOLUTIONS** — **JUN 2002 - OCT 2003**
  Senior Associate — Bengaluru, India
